

Wisconsin QSO Party 2019 Results

Summary

As we approach the bottom of the sunspot cycle, this year's propagation conditions continued the trend we've seen the last couple of years. In-state propagation on 40 was limited at best and 80 meters became the bread-and-butter band. Wintry weather was a factor, with snow in the northwest part of the state that severely limited mobile activity in that area.

Category Winners

Plaque Winners

The WIQP lineup of six plaques and sponsors remains the same in 2019, but there are two things that are different this year.

First, the WIQP team has decided to award the Mobile plaque to the overall highest scoring mobile rather than the highest Single-Op Mobile. (Full disclosure: WO9B, who had the highest *Single-Op* Mobile score, is a member of the WIQP team).

Also, the VHF plaque will not be awarded this year because there were no VHF scores above the 500 point minimum stated in the Rules.

Plaque	Winner			Plaque Sponsor
	Call	Name	Score	
Top WI Single Op Fixed	WE9V	Chad Kurszewski	157465.5	<i>Society of Midwest Contesters</i>
Top WI Mobile (Multi-Op Mobile)	NE9U	Scott Jasper Ron Feutz Art Wysocki	71428	<i>Anne Dirkman, KC9YL</i>
Top QRP	N0UR	Jim Lageson	16522	<i>Todd Fonstad, N9NE</i>
Top VHF	<i>Not Awarded</i>			<i>Badger Contesters</i>
Top Non-WI Single Op	N2CU	Tom Williams	23652	<i>Pat Hoppe, WW9R</i>
Top WI Club Aggregate		Hidden Valleys ARC	214662.5	<i>West Allis RAC</i>

A big thank you to all of our plaque sponsors.

WIQP 2019

County Activation

Logs were received from 63 of our 72 counties, down from 70 last year. Most of the missing counties were in the snowy northwest area which has typically been covered by mobiles. There was some activity in seven of the nine “missing” counties, as indicated by QSO’s in other logs. But there was no sign of activity in Barron and Sawyer counties.

This year, 14 counties were activated only by mobiles, down from 27 last year. This is due mainly to fewer mobiles, but mobiles did visit 45 counties, so their contribution is still very significant. Thanks to everyone who makes the extra effort to get on the road for our party, especially with questionable weather!

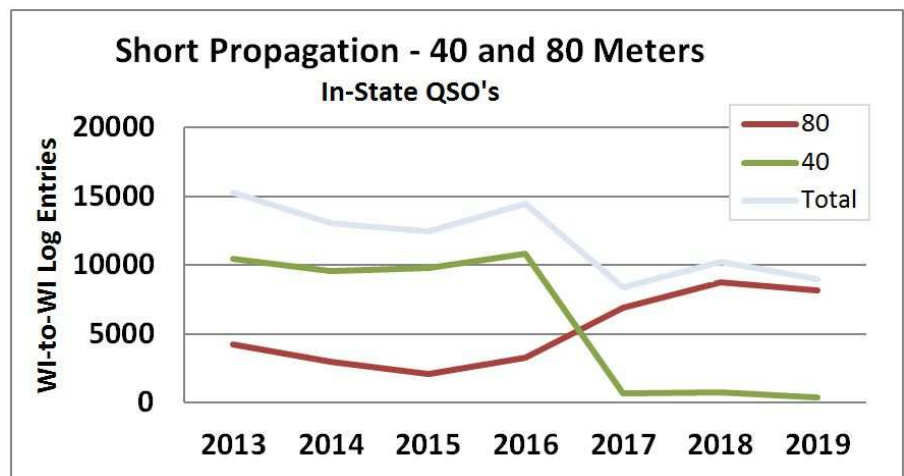

As in recent years, WIQP county activation data will be put on the website after the results are published.

Activity by Band

Log submissions for 2019 totaled 311, down about 6% from last year’s 332. Wisconsin stations submitted 146 logs this year compared to 165 from out of state, about the same ratio as in recent years.

As you know, 40 and 80 are the bread and butter bands for stations in Wisconsin to contact other stations in Wisconsin. Beginning in 2017, we saw a major shift in that 40 meters went long early and 80 meters began to pick up a lot of the in-Wisconsin activity. In 2019, that shift was even more extreme with little in-state propagation on 40, even at start-time.

The chart at right shows the number of log entries between Wisconsin stations on 40 and 80 over the last seven years.

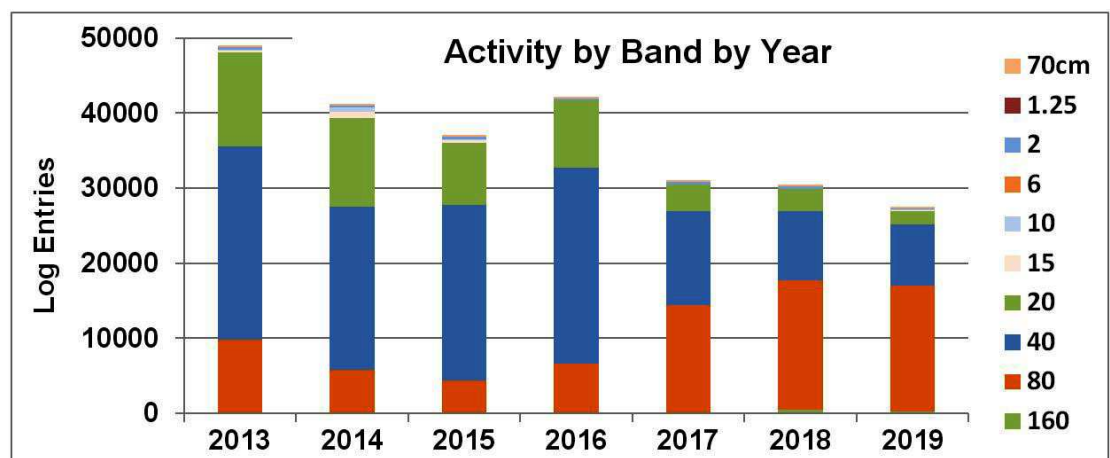

This time period corresponds roughly with the downside of sunspot cycle 25, so the big question is: what will happen as we move into cycle 26? When will short propagation on 40 come back? And also, when will 20 meters resume its role as a major long band as well as multi-producer?

The Activity by Band chart to the right is updated with 2019 data and shows a bigger picture of band activity.

It’s interesting to note that logs are getting smaller.

Over the last three years, the average number of Q’s per log has dropped from 98 to 88.

Category Results

Single Op Rookie (SOR)

This year's top Rookie is Greg Bielski, KE9UR, of Princeton in Green Lake county, with 13983 points on 158 phone Q's. The second place Rookie Ken Baker, KB9TT, (originally KD9JPV) in Sheboygan. Ken scored 2986 points on 52 QSO's.

Thanks to all the Rookies for entering WIQP! We hope you had fun and will be back next year.

The Rookie category, as the name implies, is to encourage newcomers to get involved and join the fun. Entrants do not need to be new hams - just new to WIQP. All entrants in this category get a certificate.

Single Op Fixed (SOF)

Chad Kurszewski, WE9V, in Kenosha county once again takes top honors in this category for the sixth consecutive year. Chad put together 157465.5 points on 594 total Q's, down a bit from 161066 points last year. Runner-up in SOF is Scott Dawley, N9SD, who operated from Sussex in Waukesha county. Scott accrued 146957.5 points on 621 Q's for his efforts.

Congratulations Chad and Scott, and thanks to all 128 (up from 122) SOF entries from Wisconsin stations.

Multi-Op Fixed (MOF)

Tim Rogerwall, N9BIL, and his crew from the Green River Valley ARS in Illinois again returned to Grant county, operating under their K9WM callsign. And again, they take top honors in the MOF category with 83535 points on 341 Q's and 95 mults. Their crew of five includes N9BIL, NN9K, N9YPN, N9MAT and K0NIA.

The father/son team of Kent and Scott Scheuerell, K9ZMU and N9HDE, also repeated their second place finish in this category. Kent and Scott are also in Grant county and they scored 47587.5 points on 237 QSO's.

Both of these teams are affiliated with the Hidden Valleys ARC in southwestern Wisconsin.

Congratulations to both of the above groups and thanks to the four MOF entries for your efforts!

Multi-Multi Fixed (MMF)

Jacob Feltz, K9TVG, and his grandfather John Feltz, W9JN, teamed up in Junction City, Portage county, and they submitted the highest score in this category. Jake and John made 380 Q's worth 69342 points.

Second in this category is the Wisconsin Valley Radio Association, based in Wausau. Joe Schoebel, KD9CJX, and company scored 6120 points on 85 QSO's. Congratulations and thanks to these two teams!

After many years, the W9EAU operation from the W0AIH superstation was conspicuous by its absence. No doubt this was related to the untimely death of, Paul Bittner, W0AIH, last October.

We hope that "The Farm" will be able live on, not only as a superstation, but also as a fitting tribute to a fine gentleman.

Single Op Mobile (SOM)

After doing some rover and multi-op mobile operations in recent WIQP's, Mike Johnson, WO9B, gave Single-Op a try and came out on the top of the category with 71428 points on 364 CW QSO's. Mike and his driver/navigators, Frank, KA9FZR and Mike's son Matt, KD9CVA, did a loop of 15 counties.

Jim Fitzpatrick, WI9WI, came in second with 44953 points on 267 CW Q's while traveling through 5 counties.

There were only four mobiles in this category this year due to less than ideal weather. Thanks for your efforts!

Paul, W0AIH, shows off the First Place Club plaque won by the Eau Claire Amateur Radio Club in 2017 WIQP.

Here's hoping next year's weather is better and we get back to a normal mobile contingent.

Multi-Op Mobile (MOM)

This year Scott Jasper, NE9U, and his two sidekicks were back the Multi-Op Mobile category and they dominated! Scott, Art Wysocki, N9BCA, and Ron Feutz, KK9K scored 163687 points with 556 Q's on CW and 157 on phone for a total of 713. Great job under poor conditions!

As mentioned elsewhere in this report, the WIQP committee has decided to award the Mobile plaque to the NE9U team this year. This plaque has always gone to the highest scoring Single-Op Mobile, but Scott & Co. certainly deserve recognition for their performance this year as well as in past years. Congratulations!

In the future, this plaque may be re-designated as Top Mobile (of any mobile category) or perhaps another plaque will be added. Suggestions welcome!

Multi-Multi Mobile (MMM)

Jim Callow, K8IR, and team-mate Eric Janssen, KG9GH, take first place in this category with 447 Q's for 98024 points while covering 10 counties in northeastern Wisconsin. Jim and Eric are perennial mobile participants in WIQP and we appreciate their support!

Second place in this category is taken by Timothy Hale, KC9FSH, and Andrew Skjoldager, KC9IZF, operating with the call K9TIT. Tim and Andy did 113 Q's for 9193.5 points as they made a loop from the Fox Valley area west, including Marathon and Wood counties.

Top Non-Wisconsin Single-Op

This year's out-of-state honors and a plaque go Tom Williams, N2CU, in western New York. Tom scored 23652 points on 177 Q's. Tom is very active in QSO parties and has the plaques to prove it. (Check out his QRZ page).

Jeff Miller, WB8WKQ, in Michigan, north of Detroit, is this year's runner-up with 20260 points on 160 QSO's.

Non-Wisconsin logs this year represent about half (159 of 311 logs received). Thanks to all non-Wisconsin participants for coming to our Party!

Top QRP Station

This year's QRP honors and a plaque go to a Minnesota station, Jim Lageson, N0UR, who made 94 QSO's for 16522 points. Jim is another long-time WIQP participant. Two years ago, he took the QRP plaque operating mobile in Wisconsin.

Second place goes to Joel Kluender, W9JFK, in Grant county. He received 13694 points on 87 QSO's. Joel is a contributor to the Hidden Valleys club score.

Overall, logs were received from 10 stations that operated QRP this year. Seven are from out of state.

Top VHF Station

The top single-op score above 50 MHz was turned in by the NE9U Multi-Op mobile group, who collected 29 VHF QSO's and nine mults for 391.5 points during their travels through 16 counties. Second place goes to Larry Peterson, WA9TT, with 315 points on 31 Q's and six mults.

After last year's WIQP, a requirement was added to the rules stating that the VHF plaque will not be awarded if the top score is less than 500 points. As a result, the VHF plaque will not be awarded for 2019.

This year 37 stations reported VHF/UHF QSO's, about 10 less than last year. VHF activity has been slipping the last few years and it can't be blamed on the sunspot cycle. In the past, there has been dedicated VHF-only mobile activity around more populated areas, especially the Fox Valley. What can be done to bring this back or promote more VHF in WIQP some other way?

Club Competition

The Hidden Valleys Amateur Radio Club in southwestern Wisconsin takes top honors in the club aggregate competition this year with 214662.5 points. In all, they had 10 participants including the two top scores in the MOF category, the Green River Valley (K9WM) group and the Scheuerell (K9ZMU/N9HDE) team.

The Ozaukee Radio Club is back in the rankings with a second place score of 194642 points contributed by six stations. Third place goes to our own West Allis Radio Amateur Club with 175200.5 points contributed by 14

members.

Thanks to clubs in and out of Wisconsin for promoting WIQP to their members. Keep up the good work in the future!

W9FK Bonus

This year the West Allis club call, W9FK, was activated by Phil Gural, W9NAW. Phil operated portable from Green county and he made 158 QSO's, 107 of which showed up in submitted logs. Note that the W9FK activity is listed under "West Allis Club – W9FK" in the club aggregate listing and is not included in the West Allis Club aggregate. Thanks to Phil for being W9FK for a day.

Log Submissions

We still get a few handwritten logs. We don't want to exclude anyone who wants to log on paper, but please understand that in order to process the WIQP results, all the log data must go into our database. This means any information not submitted in a usable computer format must be entered manually. If there is anyone in your family or your club who can help you computerize your log, it will be greatly appreciated. And please note that emailing a .jpg picture of a paper log doesn't computerize it. (We got one like that).

Also, please remember that whatever format you use to submit your log, it must contain all the needed information. For example, we get a few logs from general purpose loggers that lack the necessary county information. Check the WIQP website or contact us if you have questions about any of this.

Thank You!

We owe special thanks to several groups.

We can't emphasize enough the essential part that mobiles play in WIQP. The effort, skill and personal resources that go into QSO Party mobile operations is truly awesome, and it is greatly appreciated.

Another big thank you goes to those from out-of-state who come into Wisconsin just for WIQP. Although it was on off-year because of the weather, we did have two out-of-state mobiles this year. Dan Alwin, KE0TT, made it from Minnesota and Jim Callow, K8IR, made it from Michigan. Thank you very much for your efforts!

And a big thank you to SMC, MWA and other non-Wisconsin clubs and their members for being a big part of WIQP. Also, thanks to all clubs, in and out of Wisconsin, that contribute to the success of the Party by promoting WIQP to your members

And our biggest **Thank You** goes to everyone who participated! WIQP has an interesting mix of dedicated contesters and more casual operators who just want to enjoy chatting with their ham friends and being the center of attention for a few hours.

Help Promote WIQP

How can we get more hams around Wisconsin and outside Wisconsin to participate in WIQP? Please let the WIQP committee know what we can do to support your efforts to promote our Party.

Participate in the WIQP email group (reflector)

You are encouraged to present your suggestions, ideas and opinions on the WIQP email reflector. This is a great place to exchange ideas. Also, it would be great to get your pictures and stories about WIQP-related activities.

Conclusion

And once again, **thank you all** for being part of WIQP and please come back and do it again on **March 15, 2020!**

The WIQP Team

Chuck Dellis, W9WLX

Mike Johnson, WO9B

Tom Macon, K9BTQ

Howard Smith, WA9AXQ

Wisconsin QSO Party Soapbox Comments

Callsign	Soapbox
AC9TO	Low power mult 1.5
AF8A	Neither 40 nor 80 was good into Ohio. Mobiles disappeared after about 2330Z.
AI9Z	Worked W9FK on 80 meters and 40 meters for 200 point bonus
K3TW	Many thanks for another enjoyable Wisconsin QSO Party. There was plenty of activity on all bands.
K4AMC	Enjoy WIQP every year. Despite bad condx great fun. Thanks all.
K6NA	Always good to hear the activity. I'm a '68 Alum of W9YT (K9ZMS). Fav QSO - K9ZMU - We were Novice pals together in Sun Prairie 1960!
K9TIT	12 or more contacts from: Outagamie, Winnebago, Portage, Wood, Marathon, Shawano, Brown, Total Mobile Bonus = 3500
K9TVG	Had fun in this years contest. The higher bands shutdown earlier, but 40 and 80 were busy.
KA3CZY	I had a very limited time to operate this year, so I only worked a single band / single mode. It was a fun contest and I look forward to more operating hours next year.
KC9VUQ	Rookie
KE0TT	K3/10 driving a Ten Tec 405 amp to 50 watts output. Inverted vee 66' long, up 20' at the apex, fed with 300 ohm foam TV line and an old Matchbox tuner. Lots of activity, enjoyed the day and the contest. WX turned out to be sunny blue skies near La Crosse and south. C U next time, 73, Dan ke0tt
KE8AE	BIG thanks to mobiles. Great party, horrible band conditions. You guys ROCK!
KE9N	I operated from my second QTH in Mercer, WI (Iron County)
KF4QFJ	I had a great time in the 2019 Wisconsin QSO Party! Thanks to Organizers and Operators! - Good DXing & 73 de KF4QFJ, Jerome
KF5MU	In spite of poor conditions, I still was able a few contacts.
KG9JP	W9FK - Bonus for 100 pts
KN9W	Fixed antenna pointed wrong way for many Q's. Had a good time looking though.
KQ9J	Lost a couple hours running the snowblower.
KX9RT	Another personal best and feel I'll I gave it all I had. I had ~20 minutes of down time after figuring out the wind was blowing my wire antenna into the 2 meter vertical. No wonder the SWR was jumping around.
N1NN	14th Wisconsin state QSO party
N8HWV	12 or more contacts from: Brown, Total Mobile Bonus = 500
ND0L	Not bad for a low sunspot year. Propagation still weird. Seemed like participation was lower too.
NG9P	About 25 years since I operated last.
W1END	Rig was FTdx5000 and Butternut vertical.
W1QK	Thank you for sponsoring the contest.
W9CYA	Better than last year :-)
W9ET	Radio was dead till 22:17Z got it working, and then died again at 23:20Z So got 63 Minutes in. New NVIS Dipole on 80 sure works better than a 40 meter vertical does on 80!
W9JFK	Next year I hope to operate the whole time! This year family obligations prevented full participation.
W9WS	W9FK bonus 100 pts.

Wisconsin QSO Party Soapbox Comments

Callsign	Soapbox
WA0MHJ	Thanks for a great time. Score would have been much higher if folks ran only on 80M. It was tough to be heard on any other band. - WA0MHJ
WA1UJU	37th Entry starting 1983. 23(WI) + 14(MI)
WA9BFH	Had a lot of fun. Need better band conditions. Better luck next year.
WA9FCL	ENJOYED, SOME ANT ISSUES
WA9WYI	12 or more contacts from: Washington, Total Mobile Bonus = 500
WB7CYO	Conditions poor....c ya next year. 73, Lee
WB9MSM	Wonderful time working the contest! Propagation was up & down but that adds to the challenge! See everyone next year . . . 73, Denny WB9MSM
WB9OWN	Started out on 80 and ended up on 80. Majority of my Q's were on 80. Made more Q's on 20 than 40. Worked PJ4 and 4Z1VL/KA3.
WB9TFF	We were in Waushara County for WIQP. We used G5RV ant up 40 feet in tree as an inverted vee.
WE9V	Tough going again this year with the bands quite long immediately. Glad that some of the mobiles spent time on 80M from the start. Second lowest score for me since 2011, and second lowest QSO total ever. Big thanks to all those that got on the air, out-of-state, in-state, and the mobiles to brave the still winter conditions in Wisconsin. Missed ASH BAR DOU GRE LAN MEN PIE RUS SAW STC VIL VT LA HI AK, and a bunch of VEs. Thanks for the Qs! Chad WE9V http://www.we9v.com 2x Elecraft K3, and a few antennas.
WO9B	Second time we went mobile in the WIQP. KA9FZR & KD9CVA provided expert driving/navigation. Threatened miserable WX turned out to be wrong. Bands seemed good to us, but then we had our hands full. 40 & 80 were the money bands. 20 was a bust. Very pleased with our 40 watts and a Wolf River Coil. Long day, good friends and a lots of hams. That's what the 2nd Sunday in March is all about.
