

Wisconsin QSO Party

2025 Results

Summary

Terrestrial weather for the WI QSO party was very good to excellent state-wide. The solar weather could have been better, but as it was not terrible. Compared to last year, 20 meters and above did not open to the same degree. Consequently, we did see a drop in log submissions for 2025. 468 logs were received compared to 532 last year. Submissions from outside Wisconsin totaled 298, a decrease from 334 and in-state submissions amount to 170, a decrease from 198 in 2024. Both in-state and out-of-state submissions contributed to the overall decrease. Thanks to the mobiles for their activations with a special call-out to the Minnesota mobiles for assisting with activating the sparsely populated Northwestern counties.

WIQP 2025

468 logs were received, down 12% over 2024. Wisconsin stations submitted 170 logs, down 16%. Non-Wisconsin stations submitted 298 logs, down 11%.

County Activation

Logs received reported QSOs sent from 64 of Wisconsin's 72 counties. No logs were received from stations operating in Crawford, Florence, Forest, Iron, Marinette, Menominee, Oneida, or Rusk counties. 71 counties have reports of QSOs logged. Rusk County was absent of any reported QSOs. 49 states had QSO activity, missing only Hawaii. Additionally, seven DX logs were received representing France, Germany, Lithuania, Norway, Poland, Slovak Republic, and US Virgin Islands.

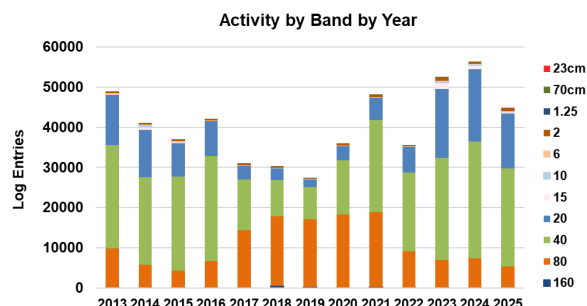

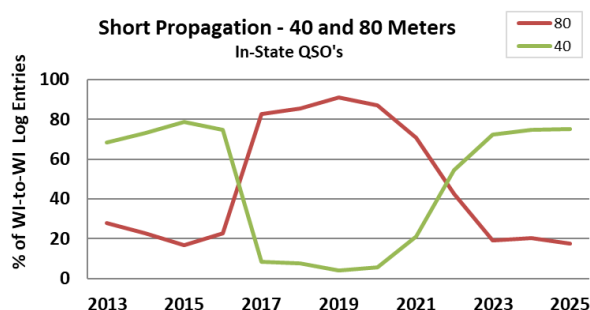

Nineteen counties were activated by mobiles only—same as 2024. The 19 mobile counties were—Adams, Ashland, Bayfield, Clark, Eau Claire, Jackson, Juneau, Kewaunee, Langlade, Lincoln, Monroe, Pepin, Pierce, Polk, Sawyer, Shawano, Taylor, Trempealeau, and Walworth.

Mobiles have characterized the Wisconsin QSO party and continue to make it the event it is today. Thanks to all 22 mobiles for participating this year!

Activity by Band

The in-state propagation on 40 and 80 meters is correlating well with the solar cycle. Their performance mirrored last year's, suggesting a broader maximum peak than we saw in cycle 24.

Category Results

Single Op Rookie (SOR)

Nineteen Rookie logs were received from Wisconsin stations this year compared to twenty-two last year. Five Rookie logs were received from outside the state giving us a total of twenty-four Rookies.

Single Op Fixed (SOF)

The best score in the Single Operator Fixed category is Clint Sprott, W9AV, operating from Dane County. He logged 142,214 points on 651 total Q's. In second place was Gary Sutcliffe, W9XT, operating from Washington County with 111,171 points and 431 QSOs. Congratulations to Clint and Gary and the 125 in-Wisconsin SOF entries.

Multi-Op Fixed (MOF)

The MOF category had seven entries this year with first place being awarded to Donna and Gil Van Blaricom, WB9TFF and WB9TFH operating from Waushara County. They turned in 61,653 points on 361 Q's.

Single-Op Mobile (SOM)

Twenty-two mobiles participated in the Wisconsin QSO party this year, eighteen SOM, two MOM, and two MMM. The first place SOM was Patrick Cain, K0PC, with 215,114 on 894 Q's operating from 17 counties. Following Patrick was Scott Zastoupil, KX9RT, with 157,311 points on 646 Q's operating from 15 counties.

Multi-Multi Mobile (MMM)

Dave White, KZ9V and Michael Martens, KB9VBR operated MMM from 4 Northwestern Wisconsin counties using the call sign K9M. They completed 663 Q's for 108,959 points in 4 counties, winning first place.

Second place was secured by the Northeast Wisconsin Amateur Radio Club, K9TIT. The K9TIT team included Tim Hale, KC9FSH and Andrew Skjoldager, KC9IZF. They made 142 Q's for a score of 15,289 points in 9 counties.

Top Non-Wisconsin Single-Op

Mark Wilson, K1RO, from New Hampshire is this year's out of state winner with 248 Q's and 37,732 points. In second place was David Pritchard, W9QL from Illinois. David came in with a score of 34,910 points on 270 Q's. Log volume from outside Wisconsin decreased this year. A contributing factor was likely a somewhat less supportive 20 meters. We hope to continue to grow the out-of-state participation for 2026.

Top QRP Station

QRP participation remained strong for 2025! There were 31 (7 in-state, 24 outside WI) QRP entries this year vs. 35 last year.

In Wisconsin

Rick McGaver, NK9G, was the top QRP station in Wisconsin with 94,384 points on 336 Q's (Milwaukee County). Dan Alwin, KE0TT, was the runner up with 28,712 points on 117 Q's (mobile).

Non-Wisconsin

Jim Smith, KK0U, took first place for the top QRP station outside Wisconsin with 28,184 points on 132 Q's operating from Missouri. Joel Kluender, W9JFK, had second honors with 19,500 points on 141 Q's operating from Michigan.

Top VHF Station

Forty-one logs had Q's made on 6 meters or above represented by 5 bands, 6 m, 2 m, 1.25 m, 70 cm, and 23cm. The activity was primarily on two bands, 2 m (607 Q's) and 70 cm (173 Q's) and the Fox Cities Amateur Radio Club is represented by 25 of the 41 logs submitted.

First place is awarded to Dustin Berg, WI9SKY, with a VHF score of 2819 points from 78 Q's. Karen McDonald, KC9BMH, came in second with 1,004 points on 56 Q's.

Mike's CW station was fixed from Winnebago County and Phil's phone station was fixed in Waukesha County. A total of 516 Q's were made, 393 on CW and 123 on phone. Thank you, Mike and Phil, for handing out the bonus station points!

Log Submissions

If you haven't been submitting your log, please reconsider. We want your logs!

We are nearly at 100% electronic submission with the three most used programs being N1MM Logger+ (48%), N3FJP (36%), and the WA7BNM Cabrillo Web Form (6%). Publishing timely results would not be possible without your support of electronic log submission. Thank you!

Work All Wisconsin Counties (WAWC) Award

Did you know that the West Allis Radio Amateur Club has an award for working all Wisconsin counties? Participating in the Wisconsin QSO Party is an excellent way to accelerate acquiring the needed QSL's. In fact, the WI QSO Party team will even verify QSL's made during the party. QSL data is available from the 2013 party to the present. For more details see: <http://www.warac.org/wawc/wawc.htm>.

Thank You!

Special thank you to all participants. What makes QSO parties fun is the diversity of operators; serious contesters, casual contesters, and many who get on the air to reach out to old friends and perhaps make some new ones.

We appreciate the clubs who take the time to promote the Wisconsin QSO party and set aside a meeting to discuss and improve contesting skills.

Thanks once again to the mobiles. Anyone who is interested in going mobile; we can never have too many.

KO9LR	Tough band conditions. But glad to participate again after about 11 or 12 years. ;)
KX9RT	Thank you to Todd N9NE and Bob KD9RKG for driving and navigating. Thankfully there were no technical issues and the performance was based on the operating to the given conditions. There was a notable rise in the 40M noise floor in the afternoon which made that band a bit of a challenge (solar conditions?). The band noise on 80M was ok, but I couldn't get the rates. There were a lot of strong signals in the midwest and east coast on 80M, but I couldn't get the momentum. One of the high points for me was OM2VL on 80 meters. I fell short by 130 Q's compared to my score from last year. The competition is tough at the top. It's not as good as I'd hoped, but it is time to build a list of improvements for next year. Thank you to everyone who followed the mobiles around the state.
N1NN	20TH WISCONSIN STATE QSO PARTY
N4MJ	Fun with QRP. 40 was noisy. No WIQP hrd on 15m.
N8DNA	CERTIFICATE:YES
N8KH	WI stations behave badly in their QSO party, just like NYers do in theirs. They only operate on 40m. So it becomes a contest only for the neighboring states. I will therefore boycott the WIQP until Wisconsinites behave better.

N9GMT	Thanks to N9GMT for hosting us and to all the rovers who make the contest interesting. We're always learning and improving each year.
N9SD	I decided to try something new this year and activate a county that frequently gets few if any operations. Green County was 1.5 hours west of me, so I tossed some stuff in the truck and hit the road. I set up at a grass runway airport in Albany. A little more than four hours was enough for me. Mission accomplished! Another fun WQP.
ND0L	Was not ready for this year. Good shake down of the station. Found bad coax, bad audio cable and a bad back up antenna! A bit frustrating, but over all was a great time! My favorite contest!
NG9P	Since I forgot last year I put this one in my calendar. And next year's too. Rough band conditions and I had to take time off for a visitor. Still a fun time.
NX1K	Missed last year due to meeting for Boston Marathon operators. Pleased to work W9FK on three bands.
VE9RLW	Total contacts with bonus stations W9FX = 100
W0BH	$(2*2)+(2*1) = 6 * 1.5 \text{ POWER} = 9 * 3 = 27$ in 2.0 + BONUS W9FK $(0 * 100) = 27$ MULTS ONE TIME LOGS DUE IN TWO WEEKS to wqp-logs@warac.org MOBILE IN THE OKQP
W1END	Rig was FTdx101 and Butternut vertical. Good hunting. Thanks to everyone.
W1QK	Thanks for the WI contacts and to the sponsors. Plenty of mobile and portable activity as usual. 73 - Dan, W1QK
W9FZ/M	12 or more contacts from: Clark, Jackson, Monroe, Juneau, Wood, Total Mobile Bonus = 2500
W9JFK	Thanks, everyone, for a really fun day! My favorite contest of the year. Next year in Wisconsin! (I hope LOL)
W9KEY	Doing OK until going to 80m at 23:50. Rate crashed
W9MXQ	Limited Time - but had fun!!
WA1SAY	Thanks for QSO party.
WA9TT	I enjoyed CW on 40m/80m with a Ten Tec Triton IV that I got iat Hamcation this year.
WB2FUE	NICE CONTEST. HAD A GOOD TIME!
WB9OWN	What an absolute joy it was to use the Flex's Binaural audio throughout the contest!
WB9TFF	We again operated from Redgranite WI in Waushara WSR county. Antenna is ZS6BKW at 43 feet inverted V. Added 500pf doorknob capacitor on the coax side of the current balun to bring down the swr on 80M, it worked. Opening bell, first 15 minutes the logger wasn't working, not good, had Donna paper logging until it got fixed. Had other issues with some logging info windows with new laptop we were using. Worked W9FK for a bonus station on cw. 40M was the money band for us 228 Q's, followed by 20m then 80M. Mostly running, some very good runs. Rig, Yaesu FT-991, 100 watts. Thanks for the Qso's, 73 WB9TFF Donna and Gil WB9TFH
WI9SKY	12 or more contacts from: Brown, Calumet, Outagamie, Winnebago, Waupaca, Total Mobile Bonus = 2500
WO9B	WIQP 2025 was remarkable: Good bands, unbelievable WX and all went off according to plan. We added a new member, KD9NZB to our veteran crew of KA9FZR, AA9RK, WO9B and upgraded our digs to a MiniVan with really bad mirrors. Enjoyed the elbow space and the team cumbyahh'd the entire WIQP. Many thanks to the WIQP Committee for holding off the snow for a week!! Thanks also to all the stations that were calling all day long. Can't tell you what a thrill it is to log repeat Q's as we cross into new counties. Big shout out to the DX stations...80 mtr mobile CW to OM is an attention getter. 73's and CUAGN next year.
WQ6X	This was another WQ6X WIQP GiG running QRP this year. By 18:05 Sunday morning things finally started up, except 10-meters was a DuD. The were NUMEROUS rover stations who gave us multiple counties - Hallelujah. Running from Anza gave me a shot at stations on 40-meters during the last hour. Unfortunately, it was too early for 80-meters - Bummer DEWD. I was running 5-watts into stacked arrays for 40-meters thru 10-meters and a 4-Square vertical array for 80-meters.
